SIMPLE PRESENTATION SAMPLE

**WELCOME IN
DOWNFALL!**

SLIDE FROM EXTERNAL PREZ

A PORTION OF SOURCE CODE

```
01. #!/bin/python
02. # -*- encoding:utf-8 -*-
03.
04. import sys
05. from math import pi
06.
07. def test():
08.     a = 1
09.     print "This is just a test"
10.     return a + 5
```

A PORTION OF SOURCE CODE

```
11.  
12. def a_function(value):  
13.     """  
14.         This is a comment  
15.     """  
16.     v = value * pi  
17.     return v  
18.  
19. if __name__ == "__main__":  
20.     print "We start the program here!"
```

A PORTION OF SOURCE CODE

```
21.     print "Value of PI : %f" % (pi,)
```
